E-mail: sheila@chpolice.org

Neighborhood Watch is simply getting to know your neighbors and neighbors helping neighbors. Neighborhood Watch is crime prevention at its best. It's more than locks and hardware. It is citizens working in partnership with your police department. Community involvement and being aware of your surroundings are key elements for an effective Neighborhood Watch.

A meeting to establish the framework of Neighborhood Watch in Cottonwood Heights will be held Wednesday, May 20th at 7:00 in the City Council Chambers. Your input and ideas are important to us. Anyone who is interested in Neighborhood Watch is welcome to attend. Your police department is asking for volunteers to help create a Neighborhood Watch advisory committee.

The role of the committee will be to:

- Establish the role of Neighborhood Watch Members
- Make a draft of specific issues that affect the community
- Establish a means of communication
- Recruit and train members
